What is Homestay Accommodation?

Homestay accommodation provides you with all the advantages of living in the warm and welcoming home of a local Chichester host. It is by far the quickest and easiest way to get to know the city and feel at home right away.

If you are traveling here from another country, it is also a great way to experience living in a 'real' English home and to practice your spoken English in a friendly, casual way. Becoming accustomed to a different country and an unfamiliar culture can be daunting and having a friendly host to rely on for advice and a helping hand is really useful and reassuring.

Your host provider will be able to tell you all about the local sights in and around the city and suggest great places to visit. There will be plenty of opportunities to explore the local area on the many college trips you can enjoy with your new friends.

**FOR THE BEST WAY TO LIVE AND LEARN
IN ENGLAND, HOMESTAY HAS IT ALL!**

Half-Board Homestay

With half-board homestay accommodation you can enjoy living in somebody's home with breakfast and an evening meal provided for you, 7 days a week. You will also be given a light lunch on Saturdays and Sundays. You will have the opportunity to sit down with your host for your evening meals and is a good opportunity to get to know them and talk about your day. Lunch and snacks during the week are your own responsibility and a snack cupboard in the kitchen will be provided by your host provider. Please **DO NOT** store food in your bedroom. Laundry will be done by your host provider each week (one dark and one light wash per week).

Help with Accommodation

The Accommodation Team are here to help you. From the moment you apply until the time you leave us, the College's Accommodation Team are here to offer you continuous help and support.

The Accommodation Team are based in the International & Accommodation office, which can be found next to the college shop. They are happy to answer any questions or queries and are available 8.30am - 5.00pm, Monday - Friday.

There is also an emergency out of hours number available for your convenience and safety. Please see back cover for all contact details.

BEFORE YOUR ARRIVAL AT CHICHESTER COLLEGE

As a homestay resident, you should have already received your host provider's profile, along with a photo of them and their contact details. If, for whatever reason, you do not have this information please contact the Accommodation Team for advice.

It is important (and highly recommended) that you contact your host provider to let them know your expected date and time of arrival. They will be looking forward to welcoming you and this will give you the opportunity to introduce yourself and to start practicing your spoken and written English.

If you or your agent have organised a taxi transfer through us from any UK airport we will pass this information on to your host provider.

Induction

All residents have an induction with the Homestay Coordinator on their first day at the College. This will check how they are settling in with their host provider and ensure they understand how to get to and from College. The Coordinator will also collect all contact details to provide easy communications between the College, the student and the host provider. The under 18 rules and regulations will also be explained, if applicable.

Homestay Meals

Living with a host provider is an excellent way to improve your English and learn about the area and meal times are an ideal time for this. You can also get to know your host, integrate into family life and enjoy the culture of the UK.

A TYPICAL HOMESTAY MENU MIGHT BE...

BREAKFAST

Continental, i.e. Coffee, toast, bread, jams or cereal.

LUNCH (Saturday and Sunday only)

A light lunch such as a sandwich or toasted meal, fruit and a drink will be provided.

During the week you will be required to purchase your own lunch.

EVENING MEAL

At least two courses, which provide a varied and well balanced diet of adequate proportions, e.g. meat or equivalent, two vegetables and potatoes / rice / pasta as well as a dessert, such as yogurt or fruit.

PLEASE NOTE: Any student on a half-board basis WILL NOT be allowed to use the oven / hobs / grill / air fryer / rice cooker or any other portable cooking appliance to cook during their stay. You are able to use the toaster and kettle, as well as a microwave, if available, to heat any food you have purchased yourself.

Laundry / Cleaning

The host will do your washing for you, but you will do your own ironing. Your host will do one white wash and one coloured wash each week and will let you know which day they will do this. Please ensure you have your washing ready for them. Ask your host when they would like you to make your room available for cleaning, which they will do along with your bedding.

Useful Homestay Information

YOUR ROOM

You will have your own room, with a bed, hanging and drawer space, a desk / table and chair, bedside lamp and a mirror. Your room will be adequately heated and extra blankets can be supplied upon request, if necessary. If you wish to put a television or computer in your room please ask your host first. Your host provider will respect your privacy but will need access to your room to be able to vacuum and change your bedding on a regular basis. Please also make sure you keep your room clean and tidy.

INTERNET

Internet is guaranteed and included within your accommodation fees. You may need to ask your host provider for the wi-fi password when you arrive.

BED LINEN

All bed linen is provided by your host provider and they are responsible for laundering it.

BATHROOMS

These can be busy places! Remember that other people wish to use the bathroom and hot water, too. Always clean the bath, shower, washbasin and toilet after use. Please be aware of others who are in the house and shower at a reasonable hour. If in doubt, speak to your host.

HEATING

All of our host providers offer a warm and welcoming home. However, please be aware that during the winter it is very common to have the heating on only in the mornings and evenings. It will usually be turned off during the day and at night. If you are cold please ask your host for extra blankets to keep you warm at night. We appreciate that it can sometimes be difficult to adjust to the English climate and we want you to feel warm and comfortable at all times.

HOUSE KEY

You will be given a key to the house when you first arrive. Please keep this safe at all times. If you do lose the key please inform your host immediately. Any changes to the locks due to this will be at your expense. On arrival your host provider will also explain how to lock the front door. Please make sure, if you are the last one to leave the house, that you shut and lock the door correctly to ensure the house is secure.

NOTE: On departure please ensure you return the key to your host provider.

YOUR FRIENDS

Friends may visit you at your homestay but always ask permission first. Naturally the number of friends you have in the house at one time should be within reason, usually 2-3 at a time. We ask that you disclose any relevant relationships with your Host Provider, especially if you plan to have a partner visit their home to help the host understand any dynamics that maybe important and for your own safety.

TELEPHONE

When you first arrive, if you have not yet sorted out a mobile phone, you can ask your host provider to use their home phone to let your parent / guardian know you have arrived safely. At all other times you should only use the host's landline for incoming calls, unless there is an emergency. Please make sure your incoming calls are at a reasonable hour and not too long and that you ask permission from your host in advance. Please make sure any phone bills are settled with your host before you complete your stay.

MOBILE PHONES

For your own safety we ask all students to make sure they carry a usable mobile phone with them at all times, which must also be able to make calls. You must give your mobile number to your host provider so they are able to contact. Your host provider must also provide you with their number so you can contact them with your whereabouts. Always ensure you have the host provider's number on you in case you need to contact them.

Please make sure you store the College's emergency number on your mobile in case you need to contact them. This can be found on the last page of this booklet

YOUR WHEREABOUTS AND TIMINGS

Please let your host know if you are going to be home late or if you are planning to stay away overnight. Always let them know where you are going/staying. This is for your own security and safety.

UNDER 18 YEARS

There are additional guidelines for students who are under 18 years of age.

If you are **under the age of 18**, you **MUST NOT** stay out over night **WITHOUT PERMISSION**. This must be sent to one of the accommodation co-ordinators by your parent/guardian at least 1 week in advance.

If you are **under the age of 18**, you **MUST BE BACK** in your accommodation at **10pm Sunday to Thursday** and **11pm on Friday and Saturdays**.

Always be on time for meals with your host provider. If you know you are going to be late or if you do not require a meal please let your host know in plenty of time.

OPENING UK BANK ACCOUNTS

All students are provided with an official College letter to assist when opening a bank account. We can arrange this before you arrive - just let us know.

Local Transportation

It is always nice to try to arrive with your host on a Saturday as this gives them time to show you the route to College, before starting on the Monday. Depending on where your host is located, they will either walk or drive you to the College to show you the route. If your host provider walks you to college, they will walk you the quickest but safest route both in daylight and at night.

Although some routes maybe faster than others, you should always use the safest route shown by your host provider and try to avoid walking home alone at night and always keep to lit pathways. If you are staying outside of Chichester, your host may drive you into College on your first day and show you where to get the train or bus from, thereafter.

If you live outside of Chichester, you will most likely travel to College by bus. On your first day at College you will receive your student card. Once you have this, you can purchase a weekly bus ticket from the main bus depot opposite the train station. This is shown on a map within your welcome pack.

Using a bike is a good idea as Chichester is flat and you will save time and money. The Accommodation office can give you more details about where to buy or rent a second-hand bicycle.

Some host's may have a bicycle you can borrow. If they provide you with a bicycle, it is your responsibility to make sure you wear a helmet and have working lights and a bell on the bicycle. You must also make sure that you lock the bicycle up securely when leaving it anywhere.

When you have confirmed your departure flight, please let your host know these details.

Towards the end of your stay you will be asked to complete a survey which will include your comments on the accommodation. Please answer honestly so we can do our best to ensure you and others have a positive experience.

Notice to Leave

If you wish to leave the host provider you have been placed with, you must give one week's notice. You will need to inform both the Accommodation Team and your host of any changes.

We advise you to give your one week's notice in writing to the host provider as well as speaking to them.

The host providers are also permitted to give one week's notice to yourself and the College.

NOTE: Where possible, notice must be given on a Saturday

If you have any concerns or problems, or if you wish to speak about anything regarding your accommodation, please come and see one of the Accommodation Coordinators in the International & Accommodation office, as soon as possible, because many issues can be easily rectified.

If, however, after speaking to one of the Accommodation advisors you still wish to change to another host provider, we will help you to do this. We will arrange for you to meet one or two alternative host providers to choose from, based on your requirements. Once you have chosen a new host provider, you will need to give your one week's notice to your host.

Please note: If you would like us to wait until you have moved from your host provider, we will not discuss any issues you are having with them until after you have left.

Supporting Our Students

We strongly believe that all our students should be seen as individuals. Their physical and mental wellbeing is extremely important. Below are just some of the ways we aim to support the students through their time in Homestay accommodation.

ILLNESS OR INJURY

We advise all students to register with their host's local doctor, if you are here for more than six months. Your host provider will help you do this within the first week of your arrival. You will need to collect a doctor's letter from the Team in the International & Accommodation office to take with you when registering.

If you become unwell whilst you are here and unable to come to College, you must inform your host provider and contact your tutor to let them know you will not be in class. Your host provider will help you if you have a medical problem and they will contact a doctor to arrange an appointment, if necessary.

The College also has a nurse / health care assistant available during term time, Monday – Friday

COLLEGE COMMUNITY SUPPORT OFFICER

The Community Support Officer's role at the College is to provide a familiar, consistent and accessible presence for students with regards to their safety, welfare and security. Their duties include responding to any safety, welfare and security incidents that occur across the College sites and giving support and advice where appropriate.

INSURANCE

We are aware that many students may suffer from homesickness whilst at the College. For some, this passes very quickly and they make new friends and 'find their feet' on their course.

However, this is not always the case. Settling in can be a little harder than you originally thought, and residents feeling this way should remember that all staff are here to listen and to offer help and support. It is important to remember that studying at College should not be a period of isolation.
